Bespoke

Homes individually tailored to suit you... perfectly

Since 2006, Prestige Park & Leisure Homes have acquired an excellent reputation as a builder of quality park and lodge homes, admired for their imaginative designs, craftsmanship and build quality. And with our first class customer care and support service, we have continued to build and grow our business through turbulent times in a competitive marketplace.

We are also fast establishing ourselves as the leading manufacturer of bespoke park and leisure homes in the country. Through our commitment to attend to our customer's requirements, we have become increasingly accustomed to fulfilling the wishes of many customers who have taken the decision to design their own bespoke home.

The personal satisfaction from planning and choosing every detail of your new home is hugely rewarding. Designing a bespoke home need not be an overwhelming experience and we at Prestige are always on hand to make this an enjoyable journey.

We are renowned for our professional yet friendly service and will work with you to make sure you are comfortable with any decisions you make.

This brochure is intended to briefly describe a step by step guide of what is expected when choosing a Prestige Bespoke Home and to illustrate how our customers can design their own home and devise their own floor plan to suit the plot they have chosen on the park of their choice.

Having determined the size and chosen style of home, our design and sales team work with you to plan the layout of your home, taking care to consider features that will suit your lifestyle and also the positioning of your plot.

The procedure is very gradual allowing time to consider all decisions and options available to you, and to ensure no hasty choices are made. We are happy to work at your pace and you will never be pressurised or obligated to choose something you are not happy with.

An extensive specification list is then drawn up which includes wall and floor coverings, furniture to the lounge, dining room and bedrooms, kitchen fixtures, appliances and finally soft furnishings.

Regular contact is made throughout the build period and you are welcome to visit our factory at any time to see how your new home is progressing.

One couple who recently went through this process are semi retired Terry & Jean Somers who purchased a 50' x 22' Anthem Special Bespoke Home to put on their spectacular riverside plot at Millside Marina near Buckden in Cambridgeshire.

Terry and Jean have kindly agreed to illustrate the step by step process.

Standing on the cement pad considering how to take full advantage of the views available.

At Prestige offices choosing items for the specification of their home.

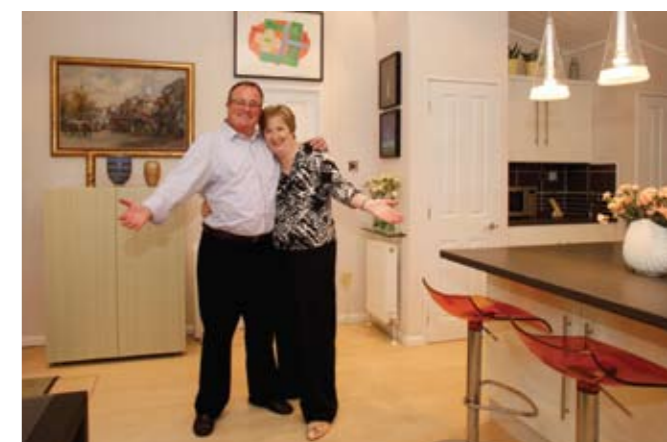

Early stages of build in the factory at Prestige.

Receiving the keys to their new home from the park estate sales manager.

Interior of their completed home which overlooks the river Ouse.

Terry & Jean celebrate having moved in to their home... clearly delighted!

A final word from Terry & Jean Somers...

Having found our dream riverside plot at Millside Marina, we really wanted to have a home that would be special. We opted for a bespoke design from Prestige and have to say we are totally thrilled with the final results.

We have been particularly impressed with the friendliness and commitment from everyone at Prestige from start to finish and thank you all for a job well done!
